FAR AWAY BALI IS HERE TO STAY!

You asked, we listened...this beauty is back by popular demand!

CONNECT WITH CUSTOMERS

Far Away Bali was introduced as a limited-edition fragrance last year, so some customers may not have had the chance to experience it.

- Reach out to customers who purchased the fragrance last year and let them know it's back!
- Ask your Far Away Bali customers for referrals for friends who might be interested in the scent.
- Now is a good time to plan ahead and secure a replenishment order so you have the scent on hand for pre- (and instant) orders.

START THE CONVERSATION

Talk about Far Away Bali as a "destination" fragrance, and make it intriguing!

- "By overwhelming demand, Far Away Bali is back for good!"
- When you pass out a sample, say "Here is your ticket to Bali!"
- "Transport yourself to your next favorite vacation destination with Far Away Bali."

SHOWCASE THE NOTES

When selling fragrance virtually, bring the notes to life with props or photos.

Sparkling
Grapefruit

Salted
Tuberose

Warm
Golden
Amber

CREATE A LIVE TESTIMONY

Make a video to showcase your reactions to the fragrance live. Be descriptive with your experience, like a destination that the fragrance transports you to (or a personal story) and the fragrance notes.

Promoting a fragrance in-person & virtually

IN PERSON

You can showcase the scent while you talk about it

Your customer can experience the bottle and scent up close and interact with it

BOTH IN PERSON & VIRTUAL

This is your chance to make the fragrance matchmaking process more personal by asking questions and exploring their needs

VIRTUAL

Elevate the experience with stories and emotional responses

Include your own testimonial or online reviews (powerful tools to bring the scent to life)

FRAGRANCE SELLING 101

ASK QUESTIONS

to get a sense of what they're looking for:

- Are you looking for a daytime or nighttime fragrance?
- Are you looking for something for everyday wear or for special occasions?
- What fragrance notes do you like?
- Do you prefer warm, fresh, floral scents?

USE THE FRAGRANCE WHEEL

(see page 11) to help guide your customer.

HOST A FRAGRANCE PARTY

- Invite top fragrance customers and new customers for an in-person or virtual event.
- Have samples on hand to build the buzz.
- Think of fun and engaging ways to bring the fragrance to life. For example, help create a sensorial experience by bringing the fragrance notes to life with props like mandarin oranges, wood, etc.

Maximize your impact with samples

Elevate your sample by presenting it as a gift with their order and not just an add-on after a sale. Vial-on-cards are also premium samples, so let your customer know that she can get several uses out of it to really experience the scent.

Give direction as to when, where and how to use their fragrance sample. For instance, applying to pulse points to wear for an evening out.

Be strategic in the way you follow up, like checking in one weekend after your interaction. Why one weekend? Because odds are, if you showed when, where and how to use the sample, then most likely she used it that weekend!

Far Away Bali vial-on- card samples

will be available for purchase starting in C17 What's New.

FRAGRANCE BRANDS TOP PICKS

These fragrances are all available in the Brochure, and any two purchases count toward the **FREE Imari Amor Eau de Parfum** offer. Use this guide and the **Fragrance Finder** tool (right) to help your customers find the perfect scents to fit their perfume personalities.

COLOR CORRECTING 101

HOW IT WORKS

Color correcting works by offsetting a color through color neutralization. For instance, opposite colors on the color wheel cancel one another out when combined.

Color correcting helps to offset discoloration that may show through your makeup, especially if it's lightweight coverage or sheer.

USAGE

Dab your desired **fmg Match Wand Correcting Stick** onto your face to target imperfections, even out skin tone and correct color concerns (see face chart, below). Blend out the color corrector using the **fmg Complexion Blending Brush** and follow with your **foundation/concealer**.

WHERE TO APPLY

PISTACHIO (GREEN)

Apply to any areas of redness to neutralize the skin tone

Targets color concerns:

Redness around the cheeks, nose, forehead and from blemishes

GELATO (YELLOW)

Apply to under-eye area to brighten dullness

Targets color concerns:

Under-eye area that shows more blues or purples

SHERBET (TERRACOTTA)

Apply to under-eye area or any dark spots to neutralize darkness

Targets color concerns:

Under-eye area that shows more blues or dark spots
